WORK EXPERIENCE

Senior Creative Director

EMDADAT ALATTA Holding – Riyadh, Saudi Arabia | 2024 – Present

- Led corporate brand identity development across 5+ brands within the EMDADAT ALATTA holding ecosystem, ensuring consistent visual communication and strategic alignment.
- Directed end-to-end advertising campaign production including promotional videos, digital creatives, and multimedia marketing assets, reducing production turnaround by 30% [estimate].
- Developed and managed corporate marketing collateral—company profiles, executive presentations, and promotional brochures—supporting business development efforts across key accounts.
- Oversaw creative output across social media and digital marketing channels, improving cross-platform brand consistency and boosting audience engagement by 40% [estimate].
- Collaborated with C-suite and executive stakeholders to translate business growth strategies into actionable creative and marketing roadmaps.
- Established creative workflows and quality standards, managing a multidisciplinary team of designers, videographers, and content producers.

Creative Director – Digital Marketing and Growth

Golden Ultra Mobile Application (EMDADAT ALATTA) – Riyadh, Saudi Arabia | 2024 – Present

- Designed and executed growth marketing strategies targeting user acquisition and customer engagement for the Golden Ultra mobile application, contributing to a 25%+ increase in active users [estimate].
- Managed full brand development and visual identity across digital and offline platforms, ensuring cohesive brand expression at every touchpoint.
- Led digital advertising campaigns across social media and mobile marketing channels, managing campaign performance and creative iteration cycles.
- Produced advertising content including campaign videos, promotional visuals, and performance marketing creatives aligned with funnel-stage messaging.
- Architected marketing funnels designed to convert app visitors into active paying customers, integrating creative assets with performance marketing tactics.
- Coordinated cross-functional teams across design, marketing, and product development to ensure seamless campaign execution and on-time delivery.

Art Director

Media Planner Agency – Egypt | 2022 – 2024

- Directed creative production and visual development for digital marketing campaigns across 10+ clients in diverse industries, delivering campaigns on time and within budget.
- Developed advertising creatives and brand communication materials that increased client digital campaign performance metrics by an average of 20% [estimate].
- Managed design production pipelines for social media marketing and paid digital advertising, handling up to 50+ creative assets per month [estimate].
- Partnered with marketing strategists and media planners to ensure full creative-strategy alignment across client campaigns.
- Produced high-impact marketing visuals and visual storytelling content that strengthened brand narratives across multiple platforms.

Freelance Art Director and Graphic Designer

Remote – Middle East | 2016 – 2023

- Delivered brand identity systems—including logos, visual guidelines, and brand asset libraries—for 30+ startups and corporate clients across the Middle East [estimate].
- Produced advertising creatives and digital marketing materials for social media and paid advertising campaigns, supporting client business growth objectives.
- Supported early-stage startup companies in developing comprehensive branding strategies and go-to-market marketing assets.
- Built long-term client relationships through consistent delivery quality, resulting in repeat engagements and referrals.

KEY ACHIEVEMENTS

- Led brand development and creative direction for 5+ service-based and digital brands simultaneously within a major holding company ecosystem.
- Delivered high-performing digital advertising campaigns that measurably improved brand visibility and audience engagement across social media platforms.
- Managed production of 500+ marketing creatives annually across social media, advertising, and content channels [estimate].
- Implemented scalable design systems and creative production workflows that reduced project delivery time by approximately 30% [estimate].
